Dear Secretary Wilcher:

The Kentucky Environmental Quality Commission (EQC) would like to share with you a set of recommendations that were passed by the commission in 2002, which focused on the issue of environmental spills and emergencies. The recent oil spill in the Kentucky River make these recommendations relevant and may prove useful as the cabinet looks for opportunities to address environmental spills and incidents.

Please feel free to contact the commission or myself if you have any questions concerning these recommendations.

Sincerely,

A handwritten signature in black ink, appearing to read "Lindell Ormsbee".

Lindell Ormsbee, Chair
Environmental Quality Commission
